

THE BRANT

Welcome to Nantucket

Salt House Nantucket transforms to The Brant in Summer 2023, where we welcome members and guests to experience Nantucket like never before. Operated by Salt Hotels, the Brant is a members' club and hotel situated in the heart of verdant Brant Point, minutes from downtown and steps from the beach. Here, exclusive amenities, impeccable design and intuitive service advance a new vision of Nantucket hospitality.

Not home-away-from-home. *Home, full stop.*

Our members and guests know firsthand that Nantucket rewards returning again and again. Gone are check-in times and house rules, replaced with warm greetings and a private bar stocked with your favorite spirits. We combine the pleasures of a second residence with the elevated service of the world's legendary boutique hotels.

Here, "staying in" is just as rewarding as venturing out to watch the sunset over Brant Point or going dancing in town. Whatever your speed, The Brant is designed to meet you where you are—Nantucket is yours to encounter exactly as you wish.

MEMBERSHIP

Membership at The Brant confers many privileges and amenities: Members own a share of the real estate and gain access to a defined number of room nights per year, while hotel guests may book the remaining nights via The Brant's website.

No visit to Nantucket is complete without experiencing the island's natural wonders—from dozens of sublime beaches to dune trails and hikes. Members and guests of The Brant have access to our hotel car, and bikes for exploration. Let us pack your beach bag and take a short walk to Children's Beach, or hop into a Jeep and drive west to Siasconset. Or, stay in and relax with a cold drink and our onsite amenities—a new central barn building, lounge and swimming pool.

Where the *carefree are cared for...*

The Brant is a gateway to the very best of the island: It is a landmark in the making, and all are invited to take part. At its core, the club is driven by shared stories, shared experiences, and a shared love of Nantucket. It is animated by appreciation for fine living—the sensations and nuances of leisure. Those values are thoroughly embodied by our exceptional team, our extraordinary members, and guests. Here, you're never without a gallery recommendation or a dinner reservation, on request. We are deeply connected to everything new and timeless on the island.
